

Green Zone Training

University of North Carolina at Chapel Hill

Green Zone training is for

GREEN ZONE

faculty and staff that wish to learn more about the military affiliated student experience. Its goals are to train members of the Carolina community to know more about the issues and concerns faced by military affiliated students and to identify individuals who are available to assist this population. These individuals are not expected to be experts who can "solve problems." They are

individuals who can lend a sympathetic ear and help the student veteran identify and connect with the appropriate resources.

Participants who complete the training will receive a sign to display in their office and have their name listed on our website as having completed the training.

All participants must register for the Green Zone Training. Additional trainings will be added as needed. Any student interested in participating in training should register for the session(s) for faculty and staff or request to schedule a specific training date and time for an office or department, contact the Carolina Veterans Resource Center.
