Critical Incident Response Team (CIRT)

The University of North Carolina at Chapel Hill is committed to fostering an educational climate that is conducive to the academic success and personal development of our students. The University and Student Affairs recognizes a crisis or emergency incident may occur that could significantly impact a student and / or the larger UNC-Chapel Hill community. For incidents such as these, the Office of the Dean of Students (ODOS) plays a key role in supporting students, coordinating a response, and connecting individuals with support and resources. While not first responders, the ODOS coordinates the Critical Incident Response Team (CIRT) [1] who can be reached 24 hours a day, 365 days a year.

When an emergency occurs, the Office of the Dean of Students or CIRT will typically be notified. If a critical campus-wide situation occurs that warrants an Alert Carolina notification, please reference the method for which you receive these messages and/or visit the Alert Carolina [2] website.

For a crisis requiring an emergency or first responder response, please contact 911 to connect with your local law enforcement agency or the UNC-Chapel Hill Police Department [3] if you are on-campus. To connect directly with the UNC-Chapel Hill Police Department for non-emergencies you may call at (919) 962-8100.

Please note, UNC-Chapel Hill Police is a fully accredited law enforcement agency that provides 24 hour services, including emergency response. EMS will also be dispatched if needed.

Individuals who believe they have experienced or witnessed crimes, University policy violations, or other questionable incidents are encouraged to report these incidents to appropriate University resources. If you have questions about how or whether to report, a representative of the Office of the Dean of Students is available to meet with you. Regardless of the concern, anyone can and is encouraged to contact the University of North Carolina Police Department at 919-962-8100. Non-emergency, anonymous reports can be made to the police department through their Silent Witness [4] reporting form, as well.

Please click the links in the margin to access information about those specific types of resources, reporting, and incident response.
